

SUMMER 2015 INSTRUMENT RENTAL CONTRACT

Students who rent school instruments who will be returning to LMS in the fall have the option to rent an instrument to practice over the summer for \$75. If you are attending the Encore Summer Music Camp, the fee will be waived.

Damage and Repair Statement:

If any damages occur while the instrument is under the care of the student, it is the responsibility of that student to pay for any repairs necessary to return the instrument back to its issued condition. If the instrument has pre-existing issues (e.g. dents), the student is not responsible for repair.

Please treat school instruments with care!

Payment must be received prior to the student taking home the instrument. Checks can be made payable to LMS Band Boosters.

If the student is renting a brass instrument, he or she is responsible for purchasing his or her own mouthpiece. Students are also responsible for providing their own reeds, cork grease, and other necessary items to keep the instrument in good working condition.

Signature of Agreement:

I hereby agree to the above listed terms and conditions regarding my child's summer instrument rental.
